## Compress at Texarkana Burned.

Texarkana, Tex., Sept. 20.—  
Fire here this afternoon at 1  
o'clock destroyed the Union Com-  
press completely, together with  
about 2000 bales of cotton. Loss  
on cotton is about \$120,000, esti-  
mated at an average of \$60 a bale.  
The loss on the compress is \$30,-  
000. Both compress and cotton  
were insured, though the amount is  
not known. Most of the cotton  
was owned by local firms. The  
origin of the fire is not known.  
The compress being just out of  
fire limits, the fire companies could  
not render any assistance. A con-  
servative estimate of the total loss  
places it at \$145,000.

## Copper Colored Corn.

A special from McLoud, Okla.,  
says:

W. J. Wiley of the McLoud  
Grocery company, and Press Van  
Hoozer made a business visit to  
the south part of the county this  
week. During their sojourn  
among the sand hills they came  
across a small field of copper col-  
ored corn grown from seed that  
was discovered twenty-one feet  
under the ground. The strange  
discovery was made by a man  
from Texas who was digging a  
well, at the above named depth,  
securely corked in a jug. This  
strange corn appears to be at least  
one-third heavier than the common  
corn and it is said that five full de-  
veloped ears often grow on one  
stalk.

## Dewey Didn't Do It.

Vancouver, B. C., Sept. 20.—  
In an interview with Lieutenant R.  
P. Hobson, published in a local  
paper, Hobson is quoted as saying  
that Admiral Dewey did not sink  
the Spanish ships at Manila but  
that the Spaniards opened valves  
and scuttled the ships themselves.  
He said, according to the inter-  
view, that our shell fire did very  
little damage.

Bitter fighting does not neces-  
sarily mean personal abuse or unsavory  
remarks. Keep your temper. Work  
for your party and stand by your  
convictions—work all night and talk  
all day if you find it essential to  
your success. It will irritate you  
and cause dyspepsia, but you can  
find relief for that in Dr. Caldwell's  
Syrup Pepsin, which is guaranteed  
by W. B. Frame, Ardmore, Davis  
and Oakland.

Some men kick because they have  
nothing to kick about.

## AMERICA REJECTS AISR'S PLAN

Will not ask China to Punish Officials  
now—The Czar has yielded—Rus-  
sia will maintain a small force  
in Pekin—Wu Protests.

Washington, Sept. 20.—To  
preserve the entente cordiale of  
the powers, Russia has announced  
that she is willing to modify  
her proposal to withdraw her  
troops and legation, from Pekin  
to the extent of leaving a detach-  
ment there.

Through Acting Secretary of  
State Hill, President McKinley  
will tomorrow reply to the Ger-  
man request that instructions be  
given to Minister Conger to indi-  
cate the persons responsible for  
the Chinese outrages, and to that  
of Prince Ching that the United  
States representative be in-  
structed so that peace negotia-  
tions may be opened. Neither  
request will be granted.

Russia's modification of her  
original proposal meets the ex-  
pectation of officials in view of  
the general opposition developed.  
It is learned on excellent  
authority that the Russian note  
promises that the strength of  
detachments to be left in Pekin  
be determined by the allied  
commanders.

There is no doubt that the  
modified proposal of the Russian  
government is satisfactory to  
the Powers, but it is desired by  
the president that the several  
governments interested shall  
reach a definite understanding  
as to the purpose of the contin-  
ued occupation. The President  
does not desire General Chaffee  
to remain in China a moment  
longer than absolutely necessary  
and would like to order all the  
troops to Manila and retain the  
two battalions of marines now in  
China at Pekin to guard the le-  
gation.

The forces which this govern-  
ment will retain in Pekin, how-  
ever will be determined by  
General Chaffee in consultation  
with the other commanders. The  
international force must not only  
be sufficiently large to protect  
the legations, but to preserve  
order and prevent another mas-  
sacre of native Christians.

GERMANY'S POLICY OF DELAY.  
Germany's note demanding  
the surrender of those responsi-  
ble for the Chinese outrages  
as a condition to the opening of

negotiations presents a most se-  
rious problem. It shows, ac-  
cording to the officials, that the  
Berlin government proposes to  
take advantage of every oppor-  
tunity to prevent any action fa-  
vorable to peace, until Count von  
Waldersee reaches Pekin, when  
the military situation may be  
such that operations against the  
Chinese will be necessary.

Officials say frankly that no  
nation in the world would sur-  
render its subjects to be punish-  
ed by foreigners. Germany's  
suggestion that the Ministers  
report the names of the instiga-  
tors of trouble, transforms the  
diplomatic body in Pekin into a  
star chamber and, as Minister  
Wu observed today, the accused  
in contravention of all civilized  
laws are not to have an opportu-  
nity to establish their innocence.  
This proposal is distasteful to  
this government and will not be  
accepted.

In his note of July 3 to the  
Powers, Secretary Hay declared  
that "If wrong be done to our  
citizens we propose to hold the  
responsible authors to the utmost  
accountability."

The President does not feel  
disposed absolutely to reject  
Germany's suggestion, though  
further reflection may modify  
this view, and Mr. Adey has pre-  
pared the draft of an answer,  
which will be considered tomor-  
row, rather noncommittal in  
character.

Baron von Sternberg, the Ger-  
man Charge d'Affairs, called at  
the State Department this morn-  
ing and saw Acting Secretary  
Hill. Baron von Sternberg had  
just received a letter from Kia-  
Chow, stating that reliable infor-  
mation from friendly Chinese  
and other sources indicated that  
there would be an outbreak in  
Shan-Sung if Pekin was evacu-  
ated. Minister Wu also called  
on Doctor Hill and discussed  
with him Germany's proposal,  
arguing against its acceptance.
